### **Attention:**

**Before you begin, be certain that the magazine is removed and the chamber is clear.**

*You will need a 5/32” allen wrench and/or torque wrench with 5/32” hex bit.*

1. Verify that the bolt is all the way forward.

2. Install the o-rings onto the charging handle and insert the provided cap screw. (the original screw is not compatible)

3. Install the charging handle onto the bolt. Torque to Ruger specified 65 in\*lbs. Check torque after every 1000 rounds.

4. Cycle the bolt to verify that there is no interference between the charging handle and the receiver slot.

You have successfully completed the installation of your TK “Challenger” Charging Handle. Enjoy!
